

220

The Model 220 shown above.

220

VERSATILE SUPERIORITY

The Model 220 is a beautifully compact package offering driver comfort, easy service, entry safety features and vigorous power. The 220 is available with a GVW of 26,000-33,000 lbs. Designed for driver productivity, the Model 220 features 360-degree visibility, superior maneuverability, rugged protection and convenient storage. With low chassis weight, it's perfect for high-volume payloads while the standard Allison automatic transmission and air disc brakes help to provide a comfortable driver experience. The 220 is ideal for pickup and delivery, beverage and refuse applications, and is now available in a right-hand drive configuration for street sweepers and paint striper operations.

The Model 220 features the proprietary PACCAR PX-7 engine with ratings from 200 – 260 hp and up to 660 ft.-lbs. of torque. The PX-7 delivers outstanding performance and excellent fuel economy while minimizing operational costs and maximizing uptime to provide customers a superior lifetime value.

For more information on the Model 220, contact your local Peterbilt dealer or visit www.peterbilt.com

The Peterbilt Model 220 delivers a combination of maneuverability, visibility and value that is best in class.

VISIBILITY

Exceptional visibility results from the combination of an expansive windshield, extra-large side windows and heated mirrors.

INTERIOR

The spacious interior features a wrap-around dash with a driver information display, a multi-function steering wheel, and ample storage including overhead and rear-wall compartments.

SERVICEABILITY

Service checks are easy. The front panel opens for quick access to the air filter, coolant, refrigerant, washer fluid, power-steering fluid, engine oil and 12-volt electrical outlet.

MANEUVERABILITY

With an extremely tight turning radius, the Model 220 tackles tight spaces and masters difficult maneuvers.
